Chairman's Report

As always, I hope this newsletter finds you and your family safe and in good health and spirits.

Life with the Covid 19 Virus seems to be improving, death, infection rates and hospitalization rates are down and many people either have been vaccinated or are in the process of getting the vaccination. We seem to be slowly moving toward normal and beginning to reclaim our lives. We have been through a lot but now are looking toward a better future. The SE Chapter is planning to carefully return to a full schedule of events for the remainder of the year and it is our hope 2021 will be a year of renewal and promise for all of us.

We are planning to hold our first Chapter Judging Event at Buyavette probably on June 25th. and 26th. We will follow all NCRS guidelines and safety measures. We already have several cars for judging, so we will need your participation in attendance. We also are planning our Fall meet at Vintage Corvette in Summerville and a Holiday Social in December. John Thornton has also offered us the opportunity to hold a meet at his Dealership, which is located on I20 East of Atlanta, as a possible third meet.

When we made the difficult decision not to hold a judging meet at Corvette Expo this year, cases of Covid 19 were spiking and the safety of our members was our first responsibility. For many years Byron Cooper's,

Corvette Expo has always been a quality event and venue. This show has always been very well attended and brought great cars for judging. Tennessee is one of the states in our SE Chapter Charter and events held there have always been great due to our large membership in the state. We plan to continue our participation at Corvette Expo and look forward to returning next year.

So welcome back, be safe, get the Corvette out and we will see you at buyavette.

Judging Chairman's Report

Now that most of us have had the opportunity to receive COVID vaccinations, we're looking forward to commencing life under what some may say is the "new normal"—and at the top of the list for us Corvette enthusiasts is resuming our judging meets!

Our next Southeast NCRS Chapter event is scheduled for June 25 & 26 and will be open for registration in the coming weeks. Buyavette in Atlanta will be our host, and details are now being tweaked, with a limit of six cars. Registrations will be accepted on first-come basis. Judging will be indoors. And as in the past, flight-judged cars should arrive on Friday for placement in the building.

The event will be conducted in compliance with the latest NCRS guidelines. Also, please note that we will be modifying our food and beverage service to help ensure the safety of all who attend.

Janice Mason will mass e-mail everyone when the event is open for registration, both on-line and by paper.

It will be great to see you again. I'm sure we will have a lot of catching up to do! As always, if you have any judging-type questions, please feel free to contact me.

Thanks for being a Southeast Chapter Member, please stay safe and we look forward to seeing you in Atlanta in June.

Editor's Comments

This quarter's newsletter is light on member contributions. Please consider telling us your Corvette story or providing a technical article for a future newsletter.

If you haven't visited the NCRS Technical Discussion Board recently, please do so. There are excellent online judging sessions being provided by NCRS chapters. And you can earn judging points.

Become a NCRS-SE Chapter follower on Facebook to stay in touch between newsletters at:

Chevrolet Shipping Data Reports from 1965-1972

National Corvette Restorers Society is pleased to announce that we can now provide certain information for model years 1965 through 1972 for Camaro, Chevelle and Nova through the efforts of the NCRS and permission granted by General Motors. We believe our fellow hobbyists and car clubs have desired this information since it became available for Corvettes several years ago.

The information consists of the dealer code, dealer name, dealer location and the production date the car was produced. The good news is this may allow you to find the original dealer where your Chevrolet Camaro, Chevelle or Nova was shipped and possibly open the door to finding more information about your Chevrolet.

A Camaro, Chevelle or Nova Shipping Data Report can be ordered only online. Membership in NCRS is not required. The fee will be \$50 payable by credit card or PayPal. You will receive via USPS a letter with the information which includes the NCRS official seal. In limited cases the dealer code is not available or readable and, in this case, a full refund will be made. www.chevymuscledocs.com
